CSA—WHAT'S THE DIFFERENCE?

GREEN TRIANGLE

Sole puncture protection with a Grade 1 protective toe to withstand impacts up to 125 Joules. For any industry, especially construction and heavy work environments, where sharp objects, such as nails are present.

BLUE RECTANGLE

Grade 1 protective toe without sole puncture protection. For industrial work environments not requiring puncture protection.

YELLOW TRIANGLE

Sole puncture protection with a Grade 2 protective toe to withstand impacts up to 90 Joules. For light industrial work environments requiring puncture protection as well as toe protection.

GREY RECTANGLE

Grade 2 protective toe without sole puncture protection. For institutional & non-industrial work environments not requiring puncture protection.
